

Spool Double Wire Automatic Cutting Machine

OBFK480—Electric drive no need air pressure—easy and precise cutting!

Features:

1. For easy and precise cutting of double wire from the spool in variable length, from 3 to 99 loops; You can set the length by control panel
2. Applicable double wire size from 3/16" to 1" size, 4:1 and 3:1 and 2:1 pitch;
3. Simple to change the gear for different pitch of the double wire;
4. Automatic guidance of loops from the spool, automatic collect paper;
5. Don't bother to change the paper collector after finish 10 wire spools ;
6. Electric drive, don't need air pressure;

Technical :

Applicable wire : 3/16" - 1";

Wire Pitch : 4:1, 3:1, 2:1 ;

Cutting speed:

4000pcs/h 34rings/pcs;

Machine dimation

L x W x H: 930 x 480 x1233mm;

Table height: 770mm;

Power: 220v, 50hz, 1.0kw;

N.W./G.W.: 115kgs / 140kgs;

Working temp.: -10 oC to 40 oC;

Time belt spec.: 114XL-10;

Chain spec.: 06B.

12 month quality warranty, lifetime repair.
